Get Your Official
American Brahma Club
calendar and see the Majestic Ones
in all their glory! They make great
gifts for any occasion, and are wonderful
awards for exhibitors!

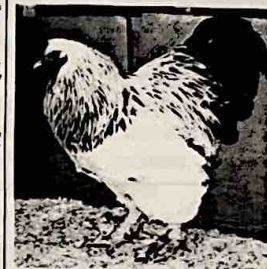

2006 Calendars Are Here!

*The original name of our organization
was "The American Light Brahma
Club," reflecting the popularity of
these magnificent birds at the time.*

*Since then, the name has changed, but
the Light Brahma continued to dominate
the Large Fowl classes, although
the Darks and Bufs are equally
represented very well.*

*The content of black demands in eggs
and adults on the sides, as in the few
specimens, is extremely difficult to
produce with any consistency. The
often the smaller will find the
demands on their black, and the few
facing of the feathers, or that the
demands are being altogether.*

*As one to really see how, the young
made for no problem with the
demands, being or type!*

DEDICATED TO THE MEMORY OF KEN SCARLETT

The Brahma Club has lost one of the "Great Ones".

Ken gave many years of service to

The American Brahma Club, as Secretary and as President.

I had the pleasure of serving as an officer with him and
know that his support, dedication, and enthusiasm for the Brahma,
and the American Brahma Club, was immense.

The only thing we never did agree on was which
was the "right" color of Brahma,
the Light or the Dark!
(it's the Dark, Ken)

WE WILL ALL MISS HIM.
